F.A.Q

1, How do I order my child's lunch?

A, we have our own booking system, you will be sent a link to register your child's account. The user guide is in your new parent pack.

2, Do I have to order in advance?

A, you can order up to midnight the day before you require a meal, we can offer an emergency meal if required on the day, but this has to be booked either through your school office or school kitchen before 9am. All emergency meals after 9am will be a lunch bag only. Please do not use your school office as a way to regularly book meals, this is only to be used in an emergency. We operate a no debt policy, when ordering via a school office it will create a debt (if paid) If debt starts to increase we will email you to ensure the debt is paid, if debt increases further the account will be suspended until the debt is paid.

3, My child has special dietary requirements, can they still have school dinners?

A, yes, they can, each term we design special menus to suit most allergies/intolerances, for bespoke menus please contact love food direct. If your child has a special dietary requirement, we can work together to provide a menu suitable for your child. Please email lovefoodjm@outlook.com for a dietary requirement form and let us know your requirement. Intolerances and allergies are dealt with differently so please let us know if it is an intolerance (makes the child poorly or causes a non-life-threatening reaction) or an allergy (causes life threatening reaction, supported by an NHS guide to your child's condition) We cannot provide an allergy/intolerance menu unless you have completed the dietary requirement form. Once a form has been completed we can only offer the agreed menu, we cannot offer any product outside of what is on the menu provided.

4, My child is fussy and likes food a certain way, can you accommodate my child?

A, yes, we can, please email us and let them us what it is you require. For example: they do not like butter on their sandwiches, they don't like sauces mixed with pasta. Please do not ask us to omit veg from your child's diet as we cannot do this or add any product which is not on our menu.

5, My child is going on a school trip, can you provide a packed lunch?

A, yes, we can, just order your packed lunch in the usual way or email the kitchen to change the meal. All trips will have a deadline to order by, this gives us time to prepare the lunches.

6, I have booked for the whole term, but I need to amend my order, how to I amend my order?

A, you can go into your online account and amend any order up to midnight the night before.

7, My child is universal/free school meals, do I still need to order?

A, yes you do, we cannot assume that every child that is entitled to universal or free school meals will require a meal, a packed lunch only will be provided as an emergency where no booking has been made.

8, My child cannot eat certain food due to religious reasons, can I ensure my child is never fed certain food?

A, yes you can, please inform school and a note will be made on our online system, this shows up daily on our register.

9, Can I cancel a meal?

A, yes you can up to midnight the day before, if it is a paid meal your account will be credited.

10. What happens if my child is absent from school?

A, If the school knows by 9am an absence report is given to the kitchen, and your meal will be cancelled (The payment will be credited if paid)

11, Can I use my credit with the current provider?

A, unfortunately no, it is up to you to be reimbursed by the previous company.

For any unanswered questions or queries please email Mandy Love lovefoodjm@outlook.com we will do our best to help you any way we can.

Allergy/intolerance

If your child has been diagnosed with an allergy or intolerance, for us to provide your child with the corresponding menu we require you to fill out a special diet request form and include the corresponding medical evidence for your child's allergy/intolerance if applicable.

Once the special diet request form is filled out and all details checked we will then be able to provide your child with a menu suitable to their allergy/intolerance. Once you have filled out the request form stating the allergy/intolerance we are then unable to make any exceptions on their menu so for example if a child has a dairy intolerance, then we will not serve any product containing dairy even if the parent states that they are ok with cheese. If you require your child to have any product outside of the special menu provided that contains the allergen or product that causes intolerance, then unfortunately we will be unable to provide your child with a special menu and any request for a special diet must then be removed

We can only provide your child with a special menu if we have corresponding medical evidence to support the allergy/intolerance.

If at any time it is found that your child, no longer has an allergy or intolerance then please let us know as soon as possible and our standard menu will be issued.

If your child cannot have certain food due to religious beliefs, we will need you to complete the attached form in order for us to provide the correct menu for your child.

Any other special diet requests may be made by contacting Love food and we will advise on whether or not we are able to provide a menu for your child.

Attached is a breakdown of how your child's allergy/intolerance will be processed.

Kind regards

Mandy Love
