

Supply Learning Support Assistants

At Kingsley Special Academy we love Learning!

Could you help our very special children with their learning journey? If you have some relevant experience, love to play, laugh and help children celebrate their achievements, if you are a problem solver, are resilient and value each individual, then becoming part of our supply team might be for you!

Supply LSA's cover for staff absence in all areas of our school, which caters for children from 4-11 years, with a variety of special needs including learning difficulties, physical and sensory difficulties, ASD and behaviour that challenges.

If you are interested please call school to arrange a visit. We do ask that prospective supply staff spend some time volunteering in class, and if this is successful we would welcome you onto our supply register.

This post is subject to enhanced DBS check and references.
